

POS Hardware Compliance

XPOS provides both software and hardware solutions. To comply with FRCS requirements for accreditation, all hardware POS devices clearly display the following information:

- **Manufacturer Name:** Identifies the maker of the device.
- **Serial Number:** Unique identifier for each device.
- **Software Version:** The installed POS software version.
- **Hardware Version:** The device model/version.
- **Electrical Information:** Stickers showing voltage, amperage, and other specifications.

Note: Access to software version is also be available via the POS interface for auditing purposes.
