

Supported Devices

1. **Barcode Scanner**

- The POS supports a standard barcode scanner.
- Can be attached via USB or wirelessly.
- Managed directly by the POS system.

2. **USB Printers**

- Supports 80mm USB thermal and non-thermal printers for receipt printing.
- **Note:** Non-thermal printers print to the maximum area required by the receipt.
- Printers smaller than 80mm are not officially supported.

3. **Network Printers**

- Supports 80mm thermal printers connected over the network.
- **Note:** Only printers supporting ESC/POS commands can connect directly via IP/Port.
- Printers without ESC/POS support must be added as a System printer.

4. **Cash Drawer**

- Can connect with the POS.
- Opens automatically when connected to a Network Printer.

5. **A4 Printers**

- Supported by the POS system for printing standard A4 documents.

6. **General Note**

- Normal POS operations are not affected by connected devices.
- The POS does not require external devices to function.
